Completed on: 16 March 2023

Each medical specialist should claim only those credits that he/she actually spent in the educational activity. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Only those e-learning materials that are displayed on the UEMS-EACCME website have formally been accredited. Through an agreement between the European UEMS and the American Medical Association (AMA), physicians may convert EACCME credits to an equivalent number of AMAPRA Category 1 Credits TM. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/go/internationalcme

The IDF School of Diabetes is an initiative of the International Diabetes Federation
